REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art discloses in general a method of percutaneously accessing a renal collection system by inserting a guidewire, percutaneously inserting an elongated tube which is expandable over the guidewire, and expanding the tube. See EP 0206553. However, the tube is not released from a constraining tubular jacket by tearing the jacket along a score line or along a perforation. Although splittable sheaths were known, there is no evidence of record which would lead one skilled in the art to conclude that it would have been obvious to have placed one of these splittable sheaths around the tube of the -'553 device as a constraining jacket and then tearing the jacket along a score or perforation in the percutaneous accessing of a renal collection system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenn K. Dawson whose telephone number is 571-272-4694. The examiner can normally be reached on M-Th 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anhtuan T. Nguyen can be reached on 571-272-4963. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
